"We Serve"

December 2018

GOV NOTES!

Words from "Olde Man". Well it's getting to be that time of year. No I'm not talking about Santa Claus, although, you'd better be nice; but time to report the CORRECT number of members in your club and our district. Dist. Sec. Ron and GLT Earlene have both been trying to relate the importance of getting this right. What it boils down to is if you don't, you will be paying for your errors. LCI has advised all clubs that they are no longer going to tolerate any careless or late reporting. Your club **WILL BE billed** for number shown on your membership list at MyLCI as of Dec. 31, 2018. **And** that is what you will have to pay.

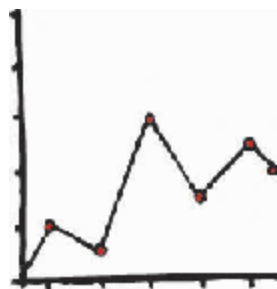

I want to thank the district for the number of entries in the Peace Poster contest. I believe it was a record. Boy am I glad that I didn't have to judge the district contest!!! Phew! I pity the state judges.

All the district conventions are over so now we can start really working on projects for the 7-0 district-- New clubs, LEO clubs and retention. We really need to see that none of our clubs are slipping.

One half of our Lions year is nearly gone. What has your club done to serve in the 5 areas Lions Clubs International suggests we concentrate on?

1. Diabeties
2. Pediatric Cancer
3. Environment
4. Vision
- 5, Hunger

Your project can be shared with others in our district if you will send an article to bfh@district7o.net.

CABINET MEETING
